

Like cycling, don't like cancer?

Fight cancer below the belt by riding or supporting the Sydney Pedalthon.

REGISTER
NOW

FRIDAY 9 SEPTEMBER 2022

Sydney Motorsport Park, Eastern Creek

LIKE CYCLING?

It's back and ready for you to ride and help those living with below the belt (kidney, bladder, testicular, penile and prostate) cancers.

Whether you're an avid cyclist, new to the sport or just looking for a challenge, we invite you to ride to fight cancer below the belt.

The Pedalthon promises to provide a unique event to network with the community, promoting teamwork, healthy competition, plus some fun.

DON'T LIKE CANCER?

Every cent raised by the Pedalthon goes directly towards clinical trials research, which means straight into the hands of experts committed to improving treatments and outcomes for those living with below the belt cancer.
